Story Outline

Character Creation

- Personality test that defines which clique you go into
 - Activist / Edge / Cringe
- Some basic character creation
 - Hair colour
 - Skin colour
 - Gender
 - Clothes
- You're a transfer student
- You live alone in a small apartment

Intro Cutscene

You dream about something that is the personality test then you wake up in your apartment. Exposition about how you're a new student. You just got into town and it's your first day of your senior year of highschool.

First Day of school

- Player attends classes and raises attributes
- Player runs into and meets all of the different cliques during and in between classes
- Player will choose which clique they want to go into at the end of the first day

When the game starts, all three cliques are fighting for dominance in the school and you must join one of them and get into the fight. You then will rise up in the clique by getting dirt on the leader of the clique from their subordinates. After this you will then go after one of the remaining cliques and repeat this process until all cliques are under your control.

Goal

Your goal is to unite all the cliques by the end of the school year.

Cliques

- Cringe
- Edge
- Activist
